

Invitation - 4 in-house exhibitions at 4 locations

GENERATION 4.0

"Understand Digitization with SECURITY"

After a long time in which contacts were only possible virtually, we would now like to meet you personally again, taking all necessary hygiene measures into account. Together with our guest exhibitors, we would like to invite you to learn more about automation and robot technology in adapter construction so that you can

„Understand Digitization with SECURITY“.

When and where we welcome you

23 June 2021 in Berlin

30 June 2021 in Hamm

07 July 2021 in Seligenstadt

21 July 2021 in Hungary

What to look forward to –Take a look behind the scenes of the GPS and catch a glimpse of the secrets of fixture construction. Exciting individual presentations, interesting technical discussions with us and our partners, culinary delights and chilled drinks are waiting for you. We make your safety our obligation and put our hygiene concept under the motto

“The safest place to meet”.

How to register - At the top of this email you will find a voting area, which you can use to tell us whether we can welcome you. That's it already. In the next step, we will contact you to coordinate everything else with you. You are also welcome to write us an email or simply give us a call
